

Media Lab, Come Alive

Letting go, nothings what it seems and I'm feeling hollow
From my eyes I bleed
Nothings real - everything I feels becoming borrowed
Come alive
Rise up - all alone
Rise up - feeling hollow
Rise up - bleeding sorrow
Rise up - lift your eyes
Rise up I can feel you breathing, leave me screaming
Rise up I can feel you breathing
All alone, dreaming isn't real and I'm bleeding sorrow, everything is grey
Lift your eyes, take my hand and rise into tomorrow
Come alive
Rise up lift your eyes and
Rise up come alive
Rise up your not forgotten
What you stood for
