

# Medication, Super Pop

see the people all walk by  
watch them turn away  
do i ask the question why  
i wonder what they'd say  
i cannot find  
i do not know  
no longer mine  
no where to go  
i cannot be  
no longer me  
with nothing left  
feel the movement in your eyes  
hard to speak today  
catch yourself within a lie  
turn and walk away  
i've been here before
