

MEDUZA, Fire (Official UEFA EURO 2024 Song)

We got our secrets
Hidden inside our bones
Starlight that bleeds
When all of the lights come on

It's a beautiful miracle
How you lift me up when I feel low
Beautiful everglow
Now we're shining like a sea of gold
Yeah

We're on fire tonight
Like a million
Diamonds in the sky
And we're lost in all the lights
Here together
We're on fire tonight

We're on fire, oh-oh, oh-oh
We're on fire, oh-oh, oh-oh

Living on memories
Guiding me through the dark
You're the notes to my melody
Healing all of my scars

It's a beautiful miracle
How you lift me up when I feel low
Beautiful everglow
Now we're shining like a sea of gold
Yeah

We're on fire tonight
Like a million diamonds in the sky
And we're lost in all the lights
Here together
We're on fire tonight

We're on fire, oh-oh, oh-oh
We're on fire, oh-oh, oh-oh

And we're lost in all the lights
Here together
We're on fire tonight
We're on fire
