

# Meduza, Shed No Tears

One heart of fire, another made of ice  
What I once I thought was true, has shown to be lies

I know you've been mistreated  
You have been hurt  
But treating me this way  
Won't take away your pain

No tears, I'll cry for you  
Although my heart's bleeding  
I won't shed a drop  
'Cause you are no worth it  
You are nothing to me  
Shed no tears

My life is passion, your life is full of rules  
You think that passion's something made just for fools

(A:) There's nothing more to say now  
(S:) Nothing to say  
(A:) You've had your chance  
(S:) You've had your chance  
(A:) You threw away the key that opens up my heart  
(S:) My heart

No tears, I'll cry for you  
Although my heart's bleeding  
I won't shed a drop  
'Cause you are no worth it  
You are nothing to me  
Shed no tears

(SOLO)

No tears, I'll cry for you  
Although my heart's bleeding  
I won't shed a drop  
'Cause you are no worth it  
You are nothing to me  
Shed no tears.
