

# Meg & Dia, Setting Up Sunday

Setting up Sunday  
Watching the winter grow  
So old no  
Oh we're making excuses  
For insecurities  
It's not about me  
Oh it's never about me

Now I can't go on  
I'm lost and alone  
Now our lover is gone  
I'm lost and alone

Kid I'm right here  
And I'm not leaving  
There's no way to make you stay  
But I'm saving all my worries for the day you don't need me

Selling out Monday  
Watching the children grow  
So cold no  
Oh we're weighing our hands down  
Our human frailties  
It's not about me  
Oh it's never about me

Now I can't go on  
I'm lost and alone  
Now our lover is gone  
I'm lost and alone

Kid I'm right here  
And I'm not leaving  
There's no way to make you stay  
But I'm saving all my worries for the day you don't need me

Kid I'm right here  
It's now morning  
There's no way  
Please stay

Setting up Sunday  
Watching their hearts in toil  
Grow mold
