

Megan, The Best I Can Do

Before I met you
I didn't know
There was a feeling inside
That someday would grow
Into a kind of love
That leads me here
To show the world my love for you

From the beginning
I saw in your eyes
Something inside of you
I knew it was right
And when you said to me
That you felt it too
I knew I would love only you

(Cours)
We fell in love the way we are
So why should we change
We'll walk together side by side
In sunshine and rain
And I promise you
The best I can do
All that I want from you
Is the best you can do

And so this say has come
We've waited so long
We stand here surrounded by
Those who've helped us along
But what's important to us
Is not what we say
But how we live from day to day

(Cours)
We fell in love the way we are
So why should we change
We'll walk together side by side
In sunshine and rain
And I promise you
The best I can do
All that I want from you
Is the best you can do

The best I can do
Is help you be you
The best you can do for me
Is help me be me
