

Megan Thee Stallion, Cry Baby (feat. DaBaby)

That ain't DaBaby
That's my baby
Her friends and mom hate me
Lay down on the bed , do the crybaby
She ain;t gave me none of that pussy in a while
She had the boy waitin'
I don;t mind waitin'
Come here
You ain't gon' respond to my texts?
Want me keep in my diamond, we sex?
What's your name?

Keisa?
Jasmine?
Kiera?
Megan?
Go!
Lisa?
Ashley?
Sierra?
Sarah?
She got her hands on the knees
With her ass in the air
That lil' bitch player

If her friends ain't around to record it
She bend over
Shake that lik' ass in the mirror
Like goddamn
What a nigga gotta do for your numer?
Shawty xcame through with that head so good
I said fuck it
I ain;t usin' no rubber
Way she maek that ass bounce
Think i love her
Got that ass and that mouth from her mother
Type to make you bea mad
You in trouble
NBA playoffs taht ass, it's a buble
Come here, come here
Throw that ass back
Come here, come here
