

Megan Thee Stallion, Her

[Intro]

I don't care if these bitches don't like me
'Cause, like, I'm pretty as fuck

[Verse 1]

Just the other day, I heard a ho say
Matter of fact, what could a ho say?
With a face like this and a bitch this paid
Shit, what could a ho say?
The bag so expensive, my pussy came with it
Body so nice, they be sayin', "Who did it?"
But everything natural, actual, factual
Prissy in the streets, but I fuck like an animal
All you hoes know who the fuck I am
From your boyfriend down to my Instagram
To all them busted-ass hoes that you kiki with
I bet your jaw drop if you ever see me, bitch

[Chorus]

I'm her, her, her, her, her, her, her, her
She, she, she, she, she, she, she, she
Take a pic, it's me, me, me, me, me, me, me, me
Tell your friends this her, her, her, her, her, her, her, her (Ah)

[Verse 2]

Bitch, you do you and whatever that is, I'ma do it better
Hoes must've just seen me and they playin' catch-up
Bitches lookin' like lil' Megans playin' dress-up
Would I ever spin the block on a nigga? Never
I don't even wear an outfit twice, dead 'em
Any bitch got a problem? Probably never met 'em
Tell a hater kiss both cheeks, ciao, bella
But I'm used to the chatter 'cause

[Chorus]

I'm her, her, her, her, her, her, her, her
She, she, she, she, she, she, she, she
Take a pic, it's me, me, me, me, me, me, me, me
Tell your friends this her, her, her, her, her, her, her, her (Ah)

[Verse 3]

All this hate givin' me a pretty face
I eat hate, that's why I ain't got a waist
The more hoes hatin', more money I'ma make
And the more niggas talk, more niggas want a taste
'Cause I'm the most sickenin', hoes so fuckin' sick of me
No matter what they do or say, it ain't no gettin' rid of me
I come in every room and draw attention like a centerpiece
Steppin' for a long time, movin' like a centipede
I ain't scared of shit, man or a bitch
To everybody hatin', y'all can suck this clit
'Cause the hate campaign ain't workin' at all
I ain't Jack or Jill, bitch, I ain't gon' fall
