

# Megan Thee Stallion, Out Alpha The Alpha

They say, "Boys will be boys," man, what a crock of shit  
These men, they hold all the cards, it makes me wanna spit  
They always fuckin' shit up, they're always makin' a mess  
But I'ma tell you the secret to my success  
Men are all stupid, weak little boys  
They're not very smart, they just make lots of noise  
They got their nose up my ass, they wanna be teacher's pet  
And so I keep 'em on their toes and make those fuckers sweat

(Girls!)

Sit on your throne and just act like a queen and these boys will be dying to kiss the ring  
Train 'em to beg like the dogs that they are and you'll find that it ain't no thing to—

Out-alpha the alpha, mm-hmm  
(Outfox the fox) Yeah, outfox the fox, ah  
(Outsmart all these dummies) Outsmart all these dummies  
(Out-fuck all these cocks) Out-fuck all these cocks

They'll cop a feel or smack your ass and then they'll suck their little thumbs  
These boys all want a kiss from mommy, they're all scummy [?sex-]  
So put your foot right on they throats if they are standin' in your way  
And just make those fuckers pay

Stackin' my dollars, makin' my coin, got drip in the back of my truck  
Bank bal' thrivin', swimmin' in cash, Scrooge motherfuckin' McDuck  
I always stay stuntin', my shit is brand new  
My tuna is ahi, my beef is Wagyu  
Y'all are just servants, this is my palace, built it brick by brick  
So get in a line, drop on your knees, and suck my fuckin' dick  
Then eat my ass, lick my pussy, and find my clit  
Just keep on fuckin', I'm not done, I'll tell you when to quit  
Hell yeah, I'm raw, bitch, I'm the star  
And, yes, I'm real, boy, there's no HR  
I'm the fuckin' dom, don't need a fuckin' man  
And by now, you know my plan

(Out-alpha the alpha) Out-alpha the alpha  
(Out-screw the fucks) Yeah, out-screw these fucks  
(Outplay all these losers) Outplay all these losers  
(Out-juice all these nuts) Out-juice all these nuts

These baby boys can't keep the pace, they're all so fuckin' slow  
They love actin' like they run the place, but I'm the CEO  
These men are fuckin' dinosaurs about to be destroyed  
And I'm the asteroid

They've called me 'shrill,' they've called me 'slut'  
They've called me 'ice queen,' and what's more  
They've called me 'crazy,' called me 'loud'  
They've called me 'bitch,' and 'cunt,' and 'whore'

Imagine, if you will, we murdered all the males  
A woman-driven world, where equity prevails  
Sadly, that's not how it is, but don't you get upset  
I'll put those boys right in their place, goddamn, that makes me wet, haha

Trevor, Craig, you're fired.□
