

Meghan Trainor, Been Like This - feat. T-Pain

Ooh-ee, she got that booty
That type of boom-boom, that bass that I like
I said, "Who me? I keep it juicy"
You better hold on, hold on for dear life

Oh, 'cause she's cute and she's classy
Thick, bold, and sassy
She knows what she do when she moves (When she moves)
I know it's hard to imagine
But why you keep askin'
Like all this came out of the blue?

But I been like this, I been like this
Run your mouth, but I'm on your lips
Ain't nothin' new, still that bitch
'Cause I been like, been like, been like this
Been like this, I been like this
Take your shots while I blow a kiss
Ain't nothin' new, still that bitch
'Cause I been like, been like

Baby, I want you to (Ooh)
Shake a little (Ooh)
Make it jiggle (Ooh)
Put that thing in the middle for Meghan and Pizzle
'Cause you doin' it just the way I like
Now you can't fool me, I know exactly what you wanna do to me
And baby, you just gonna make me act up on this flight

We go 'round first class to Heaven
Your hands all over this legend
Don't stress, baby, that's just the way that I do
Trippin' over these Grammys
But who needs to stand when
That reservation got levitation for two?
We goin' up

'Cause I been like this, I been like this
You talk that smack, but I'm on your lips
I got money to the ceiling 'cause I'm filthy rich
'Cause I been like, been like, been like this
Said I been like this, I been like this
Talk that smack, but I'm on your lips
It ain't nothing new, just me and my bitch
'Cause I've been like, been like, been like, ooh

I'm a pop star, I'm a wifey
Put an X by my name if you don't like me
Not a thing you do excites me
I'ma have to get a little bit spicy
Oh, you do the most
Oh darlin', you must be obsessed with me
You like me, like me, like me

But I been like this, I been like this
You talk that smack, but I'm on your lips
It ain't nothin' new, still that bitch
'Cause I been like, been like, been like this
I said I been like this, I been like this
Talk that smack, but I'm on your lips
It ain't nothin' new, just me and my bitch
'Cause I been like, been like, been like this

Ain't nothin' new, just me and my bitch

'Cause I been like, been like, been like this
