

Meghan Trainor, Booty - feat. Paul Russell

Get your booty over here
While the night's still young, don't disappear
Won't you show everyone just how much you love me?
Get your booty, get your booty over here

Baby, it's my party, yeah, it's my night
So when they're lookin' at you, be by my side
Yeah, it's the best thing about you, you've got love all around you
Woo-ooh, yeah, you look so damn fine

That's enough, that's enough, babe
That's enough schmoozin' and boozin' for you
That's enough, that's enough, babe
Stop workin' the room and

Get your booty over here
While the night's still young, don't disappear
Won't you show everyone just how much you love me?
Get your booty, get your booty over here

Hey

Look, I know you gotta see your girls, gotta show a lil' face, gotta tell 'em 'bout your day, nah, nah
But baby, all I'm tryna say, maybe you can take a break, maybe some of it can wait
'Cause girl, you're over there, and I don't mean to overshare
But you put up with all that mmm
I might need some Tupperware, I'm thinkin'

That's enough, that's enough, babe
That's enough schmoozin' and boozin' for you
That's enough, that's enough, babe
Stop workin' the room and

Get your booty over here
While the night's still young, don't disappear
Won't you show everyone just how much you love me?
Get your booty, get your booty over here

Where my cuties with the booties at?
Where my cuties with the booties at?
Where my cuties with the booties at?
Where my cuties with the booties at?
Where my cuties with the booties at?
Where my cuties with the booties at?
Where my cuties with the booties at?
Hey, yeah

Get your booty over here
While the night's still young, don't disappear
Won't you show everyone just how much you love me?
Get your booty, get your booty over here

Get your booty
Where my cuties with the booties at?
Get your booty
Where my cuties with the booties at?
Won't you show everyone just how much you love me?
Get your booty, get your booty over here
