

Meghan Trainor, Lucky

When I'm givin' you all my attention
(Can you take a hint? Can you take a hint?)
When I'm lookin' like all that and then some
(Can you take a hint? Can you take a hint?)

You can't deny this tension's hot
You're burnin' alive, can't pretend you're not
Whoa, baby, you got it (Uh-huh)
Yeah, if you want it (Uh-huh)
All you could need
Come and get it, get it

You're gonna get lucky tonight
I want you to touch me tonight
Long as you play your cards right
Whoa, you can love me all night
You're gonna get lucky tonight
I want you to touch me tonight
Long as you play your cards right
(Ah) you can love me all night

Didn't mean to cause all this commotion
(Can you take a hint? Can you take a hint?)
If you don't wanna waste all your lotion
(Can you take a hint? Can you take a hint?)

Baby, you can't deny this tension's hot
You're burnin' alive, can't pretend you're not
Whoa, baby, you got it (Uh-huh)
Yeah, if you want it (Uh-huh)
All you could need
Come and get it, get it

You're gonna get lucky tonight
I want you to touch me tonight
Long as you play your cards right
Whoa, you can love me all night
You're gonna get lucky tonight
I want you to touch me tonight
Long as you play your cards right
(Ah) you can love me all night

Don't mess this up by bein' too shy
Don't mess this up by sayin' goodbye
Don't mess this up, let's have a good time
You can love me all night
Don't mess this up by bein' too shy
Don't mess this up by sayin' goodbye
Don't mess this up, let's have a good time
(Ah) you can love me all night

You're gonna get lucky tonight
I want you to touch me tonight
Long as you play your cards right
Whoa, you can love me all night
You're gonna get lucky tonight
I want you to touch me tonight
Long as you play your cards right
(Ah) you can love me all night

Don't mess this up by bein' too shy
Don't mess this up by sayin' goodbye
Don't mess this up, let's have a good time
You can love me all night

Don't mess this up by bein' too shy
Don't mess this up by sayin' goodbye
Don't mess this up, let's have a good time
