

# Meghan Trainor, Nice to Meet Ya (ft. Nicki Minaj)

nice to meet ya  
nice to meet ya  
nice to meet ya  
Let's go

I used my makeup to hide  
telling you there ain't nothing  
I haven't tried  
changed my hair, but I couldn't change up my mind  
you know I've been tryna work it  
you know ain't nobody perfect  
go ahead, go talk about me  
you don't know the half of the shit that I've said  
go ahead and tell them whatever you heard  
I look different on the surface  
you know ain't nobody perfect

I am blessed by the heavens  
somebody's got a hold on me  
sweet, but I get rough  
just what I wanna be  
what I wanna be  
just what I wanna be  
I don't know you  
but  
I am blessed by the heavens  
somebody's got a hold on me  
sweet, but I get rough  
just what I wanna be  
what I wanna be  
just what I wanna be  
I don't know you just wanna be

nice to meet ya  
nice to meet ya  
nice to meet ya  
nice to meet ya

I used to care way too much  
filtered myself  
I thought I wasn't enough  
now I am givin' myself nothing but love  
cause I know that I am worth it  
I know ain't nobody perfect

I am blessed by the heavens  
somebody's got a hold on me  
sweet, but I get rough  
just what I wanna be  
what I wanna be  
just what I wanna be  
I don't know you  
but  
I am blessed by the heavens  
somebody's got a hold on me  
sweet, but I get rough  
just what I wanna be  
what I wanna be  
just what I wanna be  
I don't know you just wanna be

nice to meet ya  
nice to meet ya  
nice to meet ya

nice to meet ya

[Nicki Minaj:]
