

Meghan Trainor, Takin' It Back

Takin' it back
Takin' it back, back
Back to the days they made that good shit

(Aye, made you move your hips, and made you feel like)

When the rhythm gets you high
It's gon' put you in the mood, ah yeah
(Put you in the mood)
'Cause you can't even lie
(You can't even lie)
Kinda makes you wanna move, ah baby
(Makes you, makes you, makes you wanna move)

So, oh oh when you start to body roll
Movin' to the beat
If you start to lose control
Well, that's my bad

'Cause we takin' it back (Takin' it back, back)
Back to the days they made that good shit
(Aye, made you move your hips, and made you feel like this)
'Cause we takin' it back (Takin' it back, back)
Back when the baseline wasn't basic
(Hey, ah yeah)
So won't you bass play for me?

See, I don't know what they're playin' on the radio (Oh, oh)
But if it ain't that old school it ain't got no soul (Ain't got no soul)
So let me know you how to do it
Keep on dancin' to the music
And meet me on the dance floor, oh
(Meet me on the dance floor)

When you start to body roll
Movin' to the beat (Ah, yeah)
If you start to lose control
Well, that's my bad

'Cause we takin' it back (Takin' it back, back)
Back to the days they made that good shit
(Aye, made you move your hips, and made you feel like this)
'Cause we takin' it back (Takin' it back, back)
Back when the baseline wasn't basic
(Hey, ah yeah)
So won't play that bass for me? Mmm

(Back that bass for me, back that bass for me)
(Back that, back that, back that bass for me, back that bass for me)
(Back that bass for me, back that bass for me)
(Back that, back that, back that bass for me, back that bass for me)

'Cause we takin' it back
Takin' it back
'Cause we takin' it back
Takin' it back
Takin' it back, back
Back to the days they made that good shit
(Aye)
