

mehro, pirate song

Mystic creature come to me
Tell me what you know
Whisper scream I'm listening
There's nowhere I won't go

Look out to the horizon
To infinity
There is nothing to be done
So do not try to speak

Honesty can only be
If there is a lie
Tell me what you believe
Don't try to hide

Are you ready
To let me in
Feel it growing
Under your skin

Tattooed like in flesh
I don't mind the pain it's in
I've been trying to believe
What I said is what I need
