

Meiko, How Lucky We Are

One day we'll get outta this shitty apartment
One day is all it takes for things to turn around now
All I know is I got you and you got me, babe

And when that morning comes
I'll make coffee and you'll read the paper
We'll talk about our plans
And I'll keep saying how lucky we are

One day we'll get in the car and drive anywhere we wanna go
And then we'll stay in a five star, mini-bar, luxury hotel room
Cuz all I know is I got you and you got me, babe

And when that morning comes
I'll make coffee and you'll read the paper
We'll talk about our plans
And I'll keep saying how lucky we are

How lucky we are, oh oh oh
How lucky we are, oh oh oh
How lucky we are, oh oh oh
How lucky we are, are, are...

One day we'll turn on the tv and we won't see nothing 'bout war
And when that morning comes
I'll make coffee and you'll read the paper
We'll talk about our plans
And I'll keep saying how lucky we are

How lucky, how lucky we are
Oh how lucky, how lucky, how lucky we are
Oh how lucky, how lucky, how lucky we are
Oh how lucky, how lucky, how lucky we are
