

# Meja, Caught Up In The Middle

I know it ain't easy  
to live up to your dreams  
If you been "think you've seen it all  
Forgetting the laughter  
and the funny things we do  
Yes it's true,  
it's so easy to feel blue

When I was tired of this game  
When it all did the same  
When feelings was just a name

Oh, I was caught up in the middle  
for a big surprise  
The day i found you  
The way that you found me  
Oh I was caught up in the middle  
when I realized  
One look in your eyes  
and it hit me deep inside

You give me the reasons  
to play and purify  
when you tell me  
Just look up to the sky  
Living is easy  
when I find some sympathy  
in the ones who stay close to me

When I was tired of this game  
When it all did the same  
When feelings was just a name

Oh, I was caught up in the middle  
for a big surprise  
The day i found you  
The way that you found me  
Oh I was caught up in the middle  
when I realized  
One look in your eyes  
and it hit me deep inside

When I was tired of this game  
it all did the same  
When feelings was just a name

Oh, I was caught up in the middle  
for a big surprise  
The day i found you  
The way that you found me  
Oh I was caught up in the middle  
when I realized  
One look in your eyes  
and it hit me deep inside
