

# Meja, Luxury

Who's giving you luxury

It's funny how circumstances  
Takes control  
Taking you places with your  
Mind and soul  
Like springtime makes me feel better  
Taking me higher  
Feeding my fantasy

(And it feels so good)  
Yeah, it feels so good

Giving you luxury  
It comes naturally  
So baby don't thank me  
I thank you  
And it's so plain to see  
Who's giving you luxury

Sit back and relax, just enjoy the ride  
Forget about all the messed up  
Things outside  
Like friendship, diggin' on deeper  
Taking us higher  
Feeding my fantasy

(And it feels so good)  
Yeah, it feels so good

I'm giving you luxury  
It comes naturally  
So baby don't thank me  
I thank you  
And it's so plain to see  
Who's giving me luxury

(Open you eyes to see)  
This world is turning round, round....  
(We all making history)  
How precious time is now  
You're feeding my fantasy

I'm giving you luxury  
It comes naturally  
So baby don't thank me  
I thank you  
And it's so plain to see  
Who's giving you luxury

So baby, baby  
I thank you  
And you thank me  
And it's so plain to see  
Who's giving you luxury  
Who's giving you luxury
