

# Meja, Scum Like Me

me....

all I wanted in my life was 2 be seen  
it was all or nothing  
nothing inbetween  
I had to proove myself  
stronger than my needs

In time

when I was giving up the fight 2 carry on  
when all the happiness inside of me was gone  
It didn matter what I did cuz all was wrong.

There a part of me

who just can see  
why you believe in a scum like me  
I care no more  
why can u see  
I thinking of being loved

I feel

that Ie been holding on 2 long to history  
my mistakes have been the same repetitively  
it a feeling of mistake and misery

A voice

always questioning everything I do  
It always there 2 make me feel a kinda?blue  
makes me feel that I am nothing but a fool

Chorus

Instead

of being proud of all the good  
things that Ie gone  
I take a step aside, I hit and run  
cuz I feel that I have fooled you all along  
cuz when you look under the surface  
you will see  
that what you think is big and strong  
is only me
