

# Mekong Delta, Age Of Agony

[Mekong Delta, J. Jenkins]

Your tired eyes cannot light your path  
The weariness! It's hard to stay awake  
Time goes by. You cannot afford to waste away  
Your mission needs your strengths  
In the dark it began  
An irrational ban  
Irreversible curse  
I'm the only one left  
with the might to fight back  
in the battle of sound  
(5th dimension nightmare)  
(Age of agony)  
Can't you tell, that you nearly missed  
You've reached the end and it's coming strong!  
Fight your fear, no, you can't escape  
your fate, You're abused to justify it  
Who created what I hear?  
Every night all my fears  
stick together as one  
Who composed all this themes  
that pursue me in dreams?  
Messengers of downfall  
(5th dimension nightmare)  
(Age of agony)  
(Death from the Rue d'Auseil)
