

Mekong Delta, Kill The Enemy

[Mekong Delta, J. Jenkins]

I'm given order to survive
No way to spare the other's life
The battle must be finished now
We'll purificate this damned town
Kill the enemy [4x]
I've struggled hard without success
I gave them all my very best
The again is now I'm kicked aside
I would be starved if I won't fight
We embody the depravity
Those ones propriety
They'll curse the day they're born when
We've got them under fire
Kill the enemy [4x]
[repeat first and third verse]
Kill the enemy [4x]
