

# Mekong Delta, Memories Of Tomorrow

[Mekong Delta, J. Jenkins]

All alone, I feel cold inside  
Loneliness, I'm the only one to know  
I am one with my armchair  
All night I'm playing for you  
Though I know you won't thank me  
What else is left now to do?  
It is here (I will defend you)  
Near and nearer (fight it back)  
One foot in the grave, I've seen this all before  
Memories, memories of tomorrow  
One foot in the grave, I've seen this all before  
Dear me, memories of tomorrow  
Once I was dead, I know I'll be  
I've diffracted it all on myself  
Oh, can't this chalice pass by me  
Why can't it be someone else  
I've got to pay for the world now  
If not, there's no one to do  
It is here (I will defend you)  
Near and nearer (fight it back)  
One foot in the grave, I've seen this all before  
Memories, memories of tomorrow  
One foot in the grave, I've seen this all before  
Dear me, memories of tomorrow
