

# Mel Carter, Here It Comes

Hey, don't you worry  
everything's all right you know  
we gonna be just fine  
if the rain crashes down over you  
I will love you

There is nobody in this world  
who could ever take me away from you  
I am always by your side  
if you need someone to guide you dear  
I'd like to try

Don't give up on something you never had before  
(never could but we would together)  
I promise you this  
you're the one I adore

Here it comes again  
filling my soul never want to let go  
Here it comes again  
be at one with your love  
as below so above  
(here it comes again)

My love is flowing  
freer than a waterfall  
beyond the edge of time  
surrender to the emotions  
now we can fly, we can fly

And you know there's a reason  
that we are, who we are (who we are)  
I can not resist you're the one I adore

Here it comes again  
filling my soul never want to let go  
here it comes again  
be at one with your love  
as below so above  
(here it comes again)

Just like it's always gonna be  
a place for you and me a ship that we can sail on  
Just like if one and one was three  
and every thing was free at the end of some rainbow  
Just like a needle and a gun a suckle in the sun  
or knock upon a hidden door  
and it's you I adore

Here it comes again  
filling my soul never want to let go  
here it comes again  
be at one with your love  
as below so above  
feel it comes again  
filling my soul never want to let go  
here it comes again  
be at one with your love  
as below so above  
yeah yeahhhh
