

Mel Tillis, I Thought About You

I thought about walkin' thought about talkin' thought about singin' singin' the blues
Thought about tryin' once I even thought of dyin'
But baby most of all I thought about you
Thought of just bein' people I'm seein' thought about doin' the things they do
Thought about livin' thought about forgivin' but baby most of all I thought about you

Thought of bein' born thought of bein' warm
Bout all the things a man can go through
Thought of winds a blowin' and rivers overflowin'
But baby most of all I thought about you
Thought of just bein'...
Most of all I thought about you
