

Melanie B (Melanie Brown), I Believe

I believe in my baby
Our love will always be (I believe in my baby)
I believe in my baby (ah yeah)
Our love will always be, yeah yeah yeah (say it, say it, say it again)

Now here ya come to me
Just when i thought that no one had
No kind of love for me
My achin heart was restless
Hopelessly to see
You came along and made it
Easy to believe in love again

I believe in my baby (ah yeah)
Our love will always be (say it again)

Arms of an angel
Shield me with protection
And you show me that you care
I say it louder
Proud that I ain't goin no where
You made my house a home
And now I do believe in love again

I believe in my baby
Our love will always be
I believe in my baby (I do)
Our love will always be, yeah yeah yeah

Secrets all unfold
There's nothing left unspoken
From the heart you and I know

Everything about each other
We just let it show
To be or not to be
Thats what you said to me
We're goin on journey
Starting now we're living out our fantasy...
Fantasy (repeat to fade)

Cos I believe
I believe in my baby (my baby)
Our love will always be (say it, say it, say it again)
I believe in my baby (I do)
Our love will always be, yeah yeah yeah (I believe in my baby)

Ah yeah
Say it, say it, say it again

I believe in my baby
Our love will always be (I believe in my baby)
I believe in my baby (ah yeah)
Our love will always be, yeah yeah yeah (say it, say it, say it again)

Cos I believe
I believe in my baby (my baby)
Our love will always be (say it, say it, say it again)
I believe in my baby (I do)
Our love will always be, yeah yeah yeah

I believe in my baby
Our love will always be

I believe in my baby
Our love will always be, yeah yeah yeah
