

# Melanie C, Carolyna

Just another girl with a dream in her heart  
Wanna make a new start with a fire inside of her  
She had to go  
She couldn't stay around, everybody let her down  
Stole the light and the life and the child inside of her  
She's so alone  
Running for the train  
Take her far away from everything she knows  
And the way they make her feel  
She leaves today  
Never look back never lose track already strong  
She's seen too much at seventeen  
The past will fade with the future that she craves  
Carolyna you travel so far  
Trying to escape the pain, start again where you are  
Carolyna you keep following your star  
Nobody said you're beautiful, you're beautiful the way you are  
Finally you're free where you long to be  
But it won't take long till hits reality  
The streets are cold  
Big, bad city gonna eat you up  
Hard to survive, hard to keep your sanity  
Still feeling low  
But she's never going home  
Carolyna you travel so far...  
She tries to rest  
All she needs is a warm caress  
All she wants is happiness  
Carolyna you travel so far...  
So beautiful the way you are  
So beautiful the way you are  
Carolyna you travel so far...  
Carolyna.
