

# Melanie C, Feel The Sun

These thoughts can be evil and they often deceive.  
Gotta believe that I can overcome.  
My fears are the worst and they always return.  
I never learn. Feel like I don't belong.

Lost in the wreckage of a million bad dreams.  
Hard to function, I just need some routine.  
God, it's obscene. When did they stop the fun?

I knew that something must be done.  
To save the person I'd become.  
That's why I had to run away.

Feel the sun. Waves crash like my emotion.  
Life has begun, now I will be safe from the storm.  
I found the one. This angel's my salvation.  
I'm feeling strong. You will be there if I fall.

Guilt is no use it will tarnish your soul.  
Just let it go. The battle will soon be won.

Cold in the shadow of who I should be.  
There's a fire burning deep inside me.  
Helping me see, only I hold the key.

And now I stand here unafraid.  
Proud of everything I've made.  
That's why I had to run away.

Feel the sun. Waves crash like my emotion.  
Life has begun, now I will be safe from the storm.  
I found the one. This angel's my salvation.  
I'm feeling strong. You will be there if I fall.

There's so much energy. At last I can be free.  
I am the person I was looking for.

Feel the sun. Waves crash like my emotion.  
Life has begun, now I will be safe from the storm.  
I found the one. This angel's my salvation.  
I'm feeling strong. I'll never fall.  
You are therewhen I call.
