

# Melanie C, Who I Am

i was bulding my armor  
so i culd fit in  
to avoid any drama  
I would shut my mouth I hid  
I was lost in the ruins of who I thought I should be  
I forgot I was human I must set my body free

they don't recognize  
when I'm being honest  
because I wasn't before  
no they may not like it  
but I ma not sorry

that's who I am  
no I've got nothing left to hide  
hide  
I am comfortable whats inside  
side  
you think you've know me all ths time  
time  
but the real me Is mine  
mine

that's who I am  
that's who I am
