

Melanie Garside, Hide

you told me you want me
and now you you're leaving
i'm laughing you're crying i'm drunk and you're sober
i hide and you hide and we hide what we've got inside
you told me you love me
and now you you kill me
i'm laughing you're crying i'm drunk and you're sober
you sharpened your hook and i'm drunk and you're sober
i hide and you hide and we hide and you hide
and i hide and you hide and we hide what you've got inside
you don't you leave me any more well
you don't you leave me any more well
it's over and over and over and over
over and over and over again
well it's over and over and over and over
over and over and over again
yes it's over again
it's over again
it's over again
it's over again
hide and you hide and we hide and i hide and you hide
and we hide and you hide and i hide and you hide
and we hide and you hide and i hide and you hide
and we hide
what you've got in what we've got in got inside got inside got inside
