

# Melanie Martinez, Fire Drill

I've never fit into any category  
Always deemed an outcast  
Since I was in Sunday School  
And all the cool kids said I was weird  
It's exactly the way, they say:  
Why do you dress that way?  
Why do you act that way?  
Why aren't you just like me?

So is that what you really wanna say to me?  
You playin' games with me  
Tellin me if I am a cunt  
Still abandon me  
Callin me words I'm not  
Paintin a picture that's false  
You may not know my heart  
But I know it isn't your fault  
You live in a world in your clutter  
You don't get out very much  
Livin' in the fake world  
Full of facades and chaotic behavior  
You pull the lever for fun  
Yell 'fire' then you just run

Fire drill  
What would happen if a nuke just hit?  
Would you say bay to your family?  
Would you past about it?  
Fire drill  
If it all went up in flames one day  
Would you give your mom a hug  
Before your house burned away?  
It kills  
I wish the best for you  
And you think I ignore you too  
But really I am tryna live my own life  
And be present more  
And so should you  
Isn't alright to
