

# Melanie Thornton, Forever

Written by Mitchell Lennox & Julien Nairolf

Chorus

Cause I'm with you everyday, everytime, everyway  
Forever, forever  
You're the strongest in my life you're my day and my night  
Forever, forever  
I can read your mind  
And I know the pain inside you  
But I'm by your side  
Forever, forever

Verse 1

Caught in circles  
Of confusion  
Lost your freedom  
No illusions  
You're suffering  
I feel your pain  
Whenever you're near me

It seems that there'll be  
No tomorrow  
You don't feel joy  
There's only sorrow  
But think again  
Please don't complain  
There's a way to carry on

Chorus

Verse 2

Don't think you fall  
Cause I will catch you  
Just close your eyes  
Yes I will hold you  
Don't be afraid  
Don't hesitate  
You know I'll be with you

The world still turns  
Life doesn't end now  
Just try again  
I'll help you somehow  
To breathe again  
Believe again  
There's a way to carry on

Chorus
