

Melanie Thornton, Heartbeat

music by Jay Tee Rogers & Martin Mayer
lyrics by Jay Tee Rogers

Verse 1

You came into my life
And you showed me how to feel.
You covered me with love
And you made me feel so real.
I don't wanna lose your love -
You're the only one I'm dreaming of.
Let this feeling never end -
You were heaven sent!

Chorus

Love is just a heartbeat away
Now here is my promise:
I'll take you to the moon and back
I'll light each star for you
Love is just a heartbeat away
To you I'll swear - babe:
I'll let the snow fall down in June
To make my dream come true - that you'll be mine!

Verse 2

I'll be there for you
You can always count on me.
I don't wanna live without you
(Without your love - without you near by my side)
I just wanna spend my time - close to you
You make me feel so right.
Let this feeling never end
You were heaven sent!

Chorus

Bridge

You came and changed my life
Cause you showed me:
Honesty, true love and dignity.
It's so amazing it's so sweet it feels like heaven!

Chorus
