

# Melanie Thornton, Love How You Love Me

## Verse 1

What am I gonna do  
What am I gonna say  
Laying in the afterglow  
You took my breath away  
I can't believe it  
I dream of you

How could I ever hope  
How could I ever pray  
Looking to the stars above  
Now that we have found a way  
I can't believe it

## Chorus

I love - how you love me  
Forever and a day  
You can trust me  
Just believe  
I love how you love me

I love - how you love me  
No matter what will be  
You can trust me  
Eternally  
I love how you love me  
When you love me

## Verse 2

I remember all my life  
Waiting for someone like you  
Searching for a paradise  
Everything I found in you  
I can't believe it  
I dream of you

I can see it clearly now  
You're the one to guide my way  
Take away the falling rain  
Now there is a brighter day  
I can't believe it

## Chorus
