

# Melaton, Daylight

To a man with broken bones  
To your saliva whom traffic comes  
Dont need your tasteless way  
Wont feel your faceless maze  
To see me through  
See me through  
Wrap me up  
Smash me up  
Put my insides in a jar  
If you want  
Melt me down  
Build me up  
Take the good things out of me  
If youre sure

To a girl with fish eye toes  
The perfect sound for an empty home  
They say that time heals pain  
That we wont die in the rain  
With you  
With you

Wrap me up  
Smash me up  
Put my insides in a jar  
If you want  
Melt me down  
Build me up  
Take the good things out of me  
If youre sure

Wrap me up  
Smash me up  
Put my insides in a jar  
If you want  
Melt me down  
Build me up  
Put me with the rest of them  
If you should
