

# Melechesh, Ladders To Sumeria

As the prime echelon of cenobites - they unite  
Construct the Ziggurats - for the divine

The secret sky ports  
The Towers of fire  
Under wormholes  
Vessels of Enki soar

The Ladders to Sumeria

On the grand white temple of Uruk  
Lie the zenith mark... Ascension

To leave these terrestrial plains  
The seven titans, they commune  
Kochab of the Annunaki, it awaits  
12th entity of our solar dominion

The Ladders to Sumeria

Primordial splendid beings dowsing for mines of gold  
They carry torches to illuminate this earth  
Smouldering citadels mark the pantheon's land  
Arrive; The arcane spiritual machines arrive

Dilmun - most sanctified abode  
Pleiades - foundation for the Seven Sages  
To the sect of the White Shadows  
Chariots once created for this misconstrued realm
