

Melinda Doolittle, Haeven knows

Baby please,
please don't take your love from me
I am yours forever more, 'til eternity
Silently, listen to the words I say
They're not talking just for play, listen to me please
Heaven knows it's not the way it should be
and heaven knows it's not the way it could be
Don't you know there's no need to leave
Heaven knows I never wanna leave you
Heaven knows I only wanna please you
Don't you know love is what I need
Down inside,
don't get caught with foolish pride
Put all the other things aside, there's only you and me
Believe in us, we were always meant to be
me for you and you for me 'till eternity
Heaven knows it's not the way it should be
and heaven knows it's not the way it could be
Don't you know there's no need to leave
Heaven knows I never wanna leave you
Heaven knows I only wanna please you
Don't you know love is what I need
Heaven knows it's not the way it should be
and heaven knows it's not the way it could be
Don't you know there's no need to leave
Heaven knows I only wanna love you
and heaven knows I never wanna lose you
don't you know love is meant to be
Heaven knows it's not the way it should be
and it's no use now so stop with the pretending
so come on child, and hear me when I cry...
