

Melissa Auf Der Maur, Real, A Lie

So free and so far, so aroused
So alone I try to find the lie
That lies beneath you, I try
Like a wave, I'm self-acclaimed

Real, a lie
You're truly mine
Real, a lie
You're truly mine
I am that kind (I am that kind), living blind
Real a lie, I am that kind
Living blind, for a lie

Behind closed doors you're folded blind
You're truly mine from behind
Closed doors you meet me,
Like a wave, I'm self-acclaimed

Real, a lie
You're truly mine
Real, a lie
You're truly mine
I am that kind, living blind
Real a lie, I am that kind
Real a lie, I am that kind
Living blind, for a lie

Deep and so far, low down
Growing green
Far above the waves
Got a lie, you and I
Wave, wave, wave

Doo doo doo doo, doo doo doo (repeats for a while)

Real, a lie
You're truly mine
I am that kind, living blind
Real, a lie
I am that kind
Living blind, for a lie
For a lie
