

# Melissa Dori Dye, Drowning Me Into You

Kiss me goodbye  
I would love to mind f\*ck you  
Scratch out my eyes  
Cause I'm always gonna see you  
I beg to die if I'm never gonna hold you  
So I run away but  
You're drowning  
Me Into You

And I need  
and I need  
Drowning  
Me Into You

And I need  
and I need  
and I bleed for you  
Look what you've done

And I'm Drowning  
Me Into You

And I need  
and I bleed  
Look what you've done

Drowning  
Me Into You

Drown  
Drown  
Drown  
Drown

Try so hard to let you go but in my dreams I'm not free

So many pieces none belong  
So many pieces none belong

Kiss me good bye  
I would love to mind f\*ck you  
Scratch out my eyes  
Cause I'm always gonna see you  
I beg to die if I'm never gonna hold you  
So I run away but  
You're drowning  
Me Into You

So many pieces  
So many pieces  
So many pieces  
So many pieces  
None belong

Try so hard to let you go but in my dreams I'm not free

And I need  
and I need  
and I bleed for you  
Look what you've done

Look what you've done

Drowning  
Me Into You  
Look what you've done  
Drowning me  
Into you  
Look what you've done  
Drowning me Into you
