

# Melissa Dori Dye, With All Of Me

How many times must I say I love you  
And what will it take for you to believe in me  
Cause I love you with all of me

If I can't love you I won't love anyone  
If you won't let me love you  
My life will be done

Because I love you with all of me  
Yes I love you with all of me

With all of me, with all of me  
Loving you sets me free  
With all of me, with all of me

Loneliness is only a game we play  
Why are we running away

Hope is just the way that I keep from breaking  
Heartache is the price that I pay  
Hey

With all of me, with all of me  
Loving you sets me free  
With all of me, with all of me  
Oh all of me
