

# Melissa Etheridge, I Really Like You

I'll buy you mangos baby  
Your favorite fruit  
I'll shave everything baby  
I'll press my suit  
I'll find that song by Perry Como you like to sing  
I'll eat your TV dinners  
And wear you cigar ring  
Do you think that I can persuade  
Don't make me fade because

I really like you baby  
I want to see you baby  
I really like you baby  
I want to be you baby

I'll gladly make you  
My first tattoo  
You and me forever  
In red and black and blue  
I'll let you drive my car  
I'll even paint my eyes  
Forget about all my friends  
And tell outrageous lies  
Do you think I can persuade  
Don't make me fade because

I really like you baby  
I want to see you baby  
I really like you baby  
I want to be you baby
