Melissa, We All Live Together - So Bad !

Everybody's talkin' on the telephone

Everybody's happy when he's coming home

Everybody needs somebody by his side

Everybody everybody everybody. We all live together - so bad! We all live together - so bad! We all live together - so bad! Ohyeah ohyeah ohyeah. We all live together - so bad! We all have to use our head. We all live together- so bad! Oh yeah.

Everybody's drinkin' smokin' cigarettes

Everybody hates to pay his yearly tax. Everybody's living only for himself

Everybody everybody everybody everybody.

We all live together - so bad! . . . We all live together - so bad! . . .
