

Mellen Gi & Monestro, Save me

Who do I have?
Heaven and hell, my friend
I won't shed a tear
Let them see me in pain again

Hello, from the dark side in
Does anybody here wanna be my friend?
Want it all to end
Tell me when the fuck is it all gon' end?
Voices in my head
Telling me I'm gonna end up dead

So save me, before I fall
So save me, I don't wanna die alone
So save me, before I fall
So save me, before I fall

Who do I have?
Heaven and hell, my friend
I won't shed a tear
Let them see me in pain again
