

Melodifestivalen, Liverpool - Love Is All

She said there's so much beauty
There is a heaven in your mind
And in your heart you hold the key
Still you may never find it
Cause no one else can take you there
It's everywhere and yours for free
And she said:

All the money in the world won't get you far
Admit it's free and just right where you are
You will never know how close you are
Because

Love is all, you can see the wonders of your heart
Love is all, it will tell how wonderful we are
Love is all, you can see the magic of this world
Love is all

Makes you feel better, so much better
So much better

Upon the gleaming waters
They paints their waves in colours bright
It all dissolves inside of you
And she said:

Love will make you shine just like a star
Once you understand that we all are
Brothers in the kingdom of the heart
Because

Love is all, you can see the wonders of your heart
Love is all, it will tell how wonderful we are
Love is all, you can see the magic of this world
Love is all

All the money in the world won't get you far
Admit it's free and just right where you are
You may never know how close you are

Love is all, you can see the wonders of your heart
Love is all, it will tell how wonderful we are
Love is all, you can see the magic of this world
Love is all

Makes you feel better, so much better
So much better
