

Melody Club, I'm Electric

I've got my finger on the phone
I never thought it'd take me so long
Girl, don't ever let them put you down
Don't ever let them push you around.
Crush, and all the thing I left behind
But when I started think of it there be another time
Oh, never mind
And I am
I'm electric I just want to dance
I wanna be loved by you
I'm electric I just want to dance
I'm electric I just want to dance
I want to be loved by you
And when the night is closing in
aw, can you hear me calling within
Crush, and all the things I left behind
And when we take the stage tonight you'll be on my mind
yes you'll be the one and I am
I'm electric I just want to dance
I'm electric I just want to dance
I wanna be loved by you
I'm electric I just want to dance
I'm electric I just want to dance
I want to be loved by you
I'm electric I just want to dance
I'm electric I just want to dance
I wanna be loved by you
I'm electric I just want to dance
I'm electric I just want to dance
I wanna be loved by you
