

# Melody Fall, What can i say

Can call it a bad day I feel it in the air  
I know it could sound strange but I cant really walk to day  
My mom said "Hey wake up" I answered "I'm fucked up";  
I gotta find a way to ditch the High school and it's done  
But I'm lucky to day my mom say "it's ok";  
And here he comes my friend ready to throw my plans away  
My mom just get upset he say there is a Test  
So why don't you just think'f yourself  
Why don't you just kill yourself  
Are you my friend  
Why don't you just kill yourself  
I don't thin so (x2)  
And then come up next week I feel just really sick  
I tried to explain my mom that that was not a fucking cheat  
She said holding her gun I think you're not my son  
You'd better move your ass you're better get that fucking bus  
But I'm lucky to day my mom say "it's ok";  
And here he comes my friend ready to throw my plans away  
My mom just get upset he say there is a Test  
So why don't you just think'f yourself  
Why don't you just kill yourself  
Are you my friend  
Why don't you just kill yourself  
I don't thin so (x5)
