

Melon Diesel, What's It Gonna Be?

We've just started Friday's session
Like we always do
Talking to a pack of six
About the song we're going to do
Then in comes this lady dressed in shiny white
Wraps her arms around me saying I've been out of sight
Yeah yeah or no
Yeah yeah or no

Now we're stepping up a gear
Maybe even two
I can feel her presence here
Confusion's what I'm going through
I can hear her footsteps coming up the stairs
Now I'm left here just contemplating what's it gonna be
Yeah yeah or no
Yeah yeah or no

Yeah yeah or no
Yeah yeah or no

Everytime I'm out there I say it's going to be the last
Everytime I meet her she winds me up so fast
Suddenly she's here once again with me
Now I must make my decision what's it gonna be

Yeah yeah or no
Yeah yeah or no
Yeah yeah or no
Yeah yeah or no
