

Melanie Cannon, What Took You So Long

I used to dream of somebody like you
That I fell in love with,
and he loved me too
Then one day I woke up,
and like a beautiful song
You sang to my heart
What took you so long

chorus:
Where have you been,
with your tender kiss
All of my life I've been longing for this
I kept thinking I'd found you,
just to find I was wrong
Now finally you found me
What took you so long

I can't believe it's as good as it feels
But I know I'm not dreaming,
so this must be real
There's only one question
I keep dwelling on
What in the world took you so long

repeat chorus

I kept thinking I'd found you,
just to find I was wrong
Now finally you found me
What took you so long
Finally you found me
What took you so long
