Melvins, The Green Manalishi

[with The Two Pronged Crown]

[Fleetwood Mac cover]

Now, when the day goes to sleep and the full moon looks The night is so black that the darkness cooks Don't you come creeping around - making me do things I don't want to

Can't believe that you need my love so bad Come sneaking around trying to drive me mad Busting in on my dreams - making me see things I don't wanna see

Cause you're the green manalishi with the two prong crown All my trying is up - all your bringing is down Just taking my love then slipping away Leaving me here just trying to keep from following you
