(feat. Geda K, Lil Cease & Rell)

[Intro]

I would change a thing, if I have to live my life all over  
Ohh... baby, oh girl, I do it all again, if I have to live my life  
Live my life..... I would

[Rell] (M.Bleek)

Ohh... ohh... I would do it all again, all again (Yeah)  
If I have to live my life all over (Nope) ohh..., baby, yeah  
I do it all again (Yo everyday) if I have to live my life all over  
(Every hour you know, yeah)

[Memphis Bleek]

Yo, Yo, same hustle man, same struggle man  
Yeah I do it again, if I have to  
Still the same way, still the game paid  
Still the young nigga, still slang yeah  
I wouldn't change a thing, and my mama did it all by herself  
She sayin the same pray, listen  
You hear when she whisper  
I get the chance I fix her, days the I slipped her  
And my man the past, I tell him I love him  
And I hug him before he pass  
Raised his daughter as if she was mine  
Still meet the same girl, still have mine, uhh  
I thank god the Melik meet Shawn  
I throw the diamond up higher in every song  
And only drama could do it again  
Da hood don't love me, still I walk throught it again hear me  
I wouldn't change one fact if I have to come back  
And I couldn't live black, got me  
But mama love me, I'm from da ghetto  
And only god could judge me

[Rell] (Lil' Cease)

I would do it all again, I would do it all again  
If I have to live my life all over (ohhh) ohh... baby, yeah  
I do it all again (aha, uhh, yeah, what) I do it all again  
If I have to live my life all over (Ceasy Lee)  
(I do it over, foreal, same way)

[Lil' Cease]

Oh I wouldn't change a thang, same shit the basic  
Same house, same spouse, same pop's I came with  
Same gun, same case, same niggaz I bang with  
I be big right now before I change shit  
Just roll me up an L and live life and just do what I do  
It's all lovely when it's right  
But when it's wrong I just play along  
Get hit bounce back like it's really nothin wrong  
And I still struggle, still bubble  
No matter if i'm broke or rich I still hustle  
Still get niggaz to test you is my life  
(Rell : And I do it all again) I do it twice  
And I won't change a thang, maybe two  
I bring Big and Pop back put them in the same room  
Then I apolotic and make peace in da same room  
Once a game dead then you know we all dead too, true  
And then we back on the block  
With the crack in da sack  
I take it how it come from the bottom to the top  
I signed wit Bleek and i'm ridin' wit The Roc  
And I

[Rell] (Geda K)

Would do it all again, do it all again  
If I have to live my life all over, ohh... baby, yeah  
I do it all again, for the love as it gain  
If I have to live my life all over  
(And I do it again, yeah, holla) oh I would

[Geda K]

Yo I talk to my fam I lost and let them know  
How I feel from my heart without them here no mo'  
And is no lies I do it all again from the start of my life  
Till the night my mama die, I would it told her  
I love and it all kept looses and close  
Let her know I always be here for you  
Apologize to grandma that for da stress I put her throught  
And to my dad I aint mad at you  
Even thought you wasn't there without you  
I won't be here so I gotta be fair  
Still don't love lost over here I swear  
To my restin' road dawgz, yeah  
(Rell : I do it all again) why changin my ressurection  
I be back and the style same strip  
Back with the same click  
Husttle in the game chips, explain this  
If I have to live all over I do it  
Let Barbara have his kidz all over watch me  
Get it quick, servin' the pump liquor  
Spend a little mo' time with my big brother Leek  
Still be fam with Cease, Proof, Cali and Bleek  
Holla and get low  
Probably when my life repeat, nigga

[Rell]

I would do it all again  
If I have to live my life all over, ohh... baby, yeah  
I do it all again  
If I have to live my life all over, Oh I would
