

# Memphis May Fire, Deuces Las Cruces

Living in-between  
What's real today  
And what is possible  
For tomorrow  
Now I know  
This is our call  
We have been shown  
The path we will follow

It's easier said than done  
We've lost more than we have won  
The only thing that keeps our feet moving  
Is your love

Oh  
This is all that we know  
Leaving our lives at home  
To be the best that we can  
And hope for a better tomorrow

We stand again, we stand again  
To move towards your voice  
Block out the noise  
Block out the noise  
Block out the noise

It's your heart that beats inside of our chests  
We'll do our part and you'll do the rest  
We'll go where you need us to be  
We'll plant the seed

This is all we...  
Oh  
This is all that we know  
Leaving our lives at home  
To be the best that we can  
And hope for a better tomorrow  
Oh  
This is all that we know  
Leaving our lives at home  
To be the best that we can  
And hope for a better tomorrow

Take every part of me  
Our lives are not our own  
It's your heart that beats inside of us  
Guide our feet and we will go

We will be your hands  
If you will guide our feet  
We will be your voice  
You are strength when we are weak  
So keep me moving
